Learn about a proposed design update for Alexander Street, between 178th and 192nd avenues, online through Dec. 17 at:

[Alexander.WashCoOpenHouses.org](http://Alexander.WashCoOpenHouses.org)

Improvements include:

- Curb ramps, separated bike lanes and sidewalks
- Parallel parking or landscape strips
- Improved storm water drainage/water quality
- Updated signs, striping and streetlights
- Pedestrian/bike crossing across 185th Avenue

Initial project design was created as part of the Aloha Tomorrow study. The design update considers existing features and site limitations.

This project is funded for preliminary design only. There is no timeline for final design or construction.
